Product:

Heelguard Grating Diamond series Continuous channel and 100mm wide grate system

Description:

100mm wide Grate and Diamond 100mm High Flow Trough spanning the perimeter of this exposed polished concrete deck. Located on the wind swept harbor front of Port Philip Bay meant the architect had serious concerns about draining the balcony as well as keeping any wind driven rain from entering the internal space. The Diamond Series was the perfect practical solution with its simple installation and high quality finish it complimented the design and style of the house.
